

TALLY OAKS VETERINARY SERVICE  
DISCLOSURE FORM

*It is required by Virginia law (§ 54.1-3806.1.) that the owner of any animal left at any veterinary hospital in the Commonwealth of Virginia read and sign this form every time an animal is left during non-staffed hours.*

This disclosure form specifies the hours and days when continuous medical care is not available at Tally Oaks Veterinary Service (TOVS). Except in emergency situations when time or circumstances do not permit, TOVS may take charge of an animal only after the client or agent thereof has signed this disclosure form and returned it to the facility. Only one signed form per client shall be required, and the form shall be kept on file by TOVS.

Tally Oaks Veterinary Hospital is a full service hospital providing a wide range of services including medical, surgical, and dental care. Our business and medical staffing hours for small animal appointments at our hospital are as follows:

Wednesdays 8 AM – 6 PM and Saturdays 8 AM – 12 PM.

We do not schedule regular business or medical hours on Mondays, Tuesdays, Thursdays, Fridays, Sundays and major holidays.

Therefore, this is to inform you that we have no in-house, on-duty *continuous* medical staff care on Monday, Tuesday, Thursday, Friday and Sunday. In addition, on Wednesdays, we have no on-duty continuous medical staff care after closing time 6 PM and on Saturdays after closing time at 12 PM (noon).

If you have any question about this or any other matter related to your pet's care please ask to speak with the veterinarian.

I have read this form and I am aware of the above staffing hours.
